What can separate us from the love of Jesus Christ?
Nothing this world can even change
The thought I once was lost but now been given grace
It's a mystery that I will not chase
Yes, it's a mystery that I will not chase

You, You, You, You're this heart is longing for
Oh, Jesus, You are all my soul is pleading for

What can separate us from the love of Jesus Christ?
Nothing this world can even change
The thought I once was lost but now been given grace
It's a mystery I will not chase
Yes, it's a mystery that I will not chase

You, You, You, You're this heart is longing for
Oh, Jesus, You, You, You're all my soul is pleading for

Well, I don't understand it
How You love the way You do
Even when I've fallen
You always lift me up to You

You are my heart is longing for
Jesus, You are all this soul is pleading for, oh yeah

You're all my soul is pleading
You're all my soul is pleading
You're all my soul is pleading for

You're all my soul is pleading
You're all my soul is pleading
You're all my soul is pleading for

Soul is pleading for, oh, yeah yeah, oh yeah
You're all my soul is pleading
You're all my soul is pleading
Soul is pleading for
