Many times I take for granted
Just what you've done for me
The heart in which you've planted
Is precious for you to see

The cross in which you've hung
Is not a place for a king to be
Lord the wounds that stung you did it all for, you did it
all for me

You've always been so faithful
Even when I don't deserve
Lord help me to be more grateful
Of the love that you preserve

The cross in which you've hung
Is not a place for a king to be
Lord the wounds that stung you did it all for, you did it
all for me

Help me to look into your gracious eyes
Take the selfishness away from me

O yeah yeah he died for me (X2)
O yeah yeah

Help me to look into your gracious eyes
Take the selfishness away from me

He died for me
