There's no need to say a thing
When I'm before You
In this silence
I feel refreshed with peace

Break this noise that binds
The voice that tries speak
Open up my eyes to see
Your gracious sovereign reach

It's hard to talk
When I feel that You are near
When all is quiet
It's the beauty that I hear

This hidden place where I know that
You've calmed my fears
Yes, I know that
You've washed my tears

The seasons of change I've faced
Have never left me wounded
Only scars of hurt
But never deeply rooted

This healing I have felt
No burden can replace
Redemptive hope has been
The story of my pain

It's hard to talk
When I feel that You are near
When all is quiet
It's the beauty that I hear

This hidden place where I know that
You've calmed my fears
Yes, I know that
You've washed my tears

All is lost without the breath of life You give
You give so much I want nothing more than You

So here's my heart, here's my heart

It's hard to talk
When I feel that You are near
When all is quiet
It's the beauty that I hear

This hidden place where I know that
You've calmed my fears
Yes, I know that
You've washed my tears

Yes, I know that
You've calmed my fears
Yes, I know that
You've washed my tears
