Come a little bit closer  
I been away too long  
You thought I forgot all about you  
But you got it all wrong

Smile for me  
Try to always see

(Chorus:)  
You remind me what I wanna be  
How I wanna get yourself in me  
Remind me what it wanna do  
How I wanna get myself in you  
Now the neighbours write us letters  
About the noise we make  
Outside the thunder is jealous  
Of the way you shake and

Shout for me  
When you tell me what you need

(Chorus)

Rearrange time  
Rearrange my life for me darlin

(Chorus)
