Uh uh uh uh uh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh

Now when I feel I'm in trouble  
I just put my head down  
And then I follow my knees  
Hope that God holds me down

I've been through struggling, suffering  
And through the fire and back again  
You said no  
You said no that there will come a time  
When I rise to the top  
You said I'll keep climbing and climbing  
'Till I feel my heart stops

Though I know it's not easy  
No one else here to save me but me  
But me

I'll take a fall and risk it all  
I spread my wings  
'Cause I believe in me  
I'm ready to lose it all  
I'll take a fall

Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh

It's kinda hard to move on  
When you keep looking back  
Feel like a rose on a highway  
Rising up from the cracks  
Ain't no way you can stop me  
Come too far to go back  
So I keep pushing and pushing  
Keep my feet to the path  
I'm on the edge of the peak

Now I finally see that I beat the statistic  
Or you died up on me  
Yes, 'cause I am the truth  
Check the record, it's proof  
You can't stop me

I'll take a fall and risk it all  
I spread my wings  
'Cause I believe in me  
I'm ready to lose it all  
I'll take a fall

Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh

I'm mad on the edge now  
Nothing stands in my way, noo  
The gun's getting closer  
Did victory break the chain?

I'll take a fall and risk it all  
I spread my wings  
'Cause I believe in me  
I'm ready to lose it all

I'll take a fall and risk it all  
I spread my wings  
'Cause I believe in me  
I'm ready to lose it all  
I'll take a fall

Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh  
Whoa whoa oh oh oh oh
