Hell no, hell no, hell no
Yeah yeah

Baby you will burn me up
Never met nobody that can touch me like the way you
do
When you smile at me, my knees get weaker like I'm
falling for you
But you're dangerous just like a billy curse
That forbidden fruit got me reaching for you
Never known no lady whos got every guy lining up
It would only take one touch of your lips to know that I'll
be stuck
You're insatiable, so flammable, it's inevitable

Hell no
I'm not going to let you in my heart
Hell no
I can see that you have trouble from the start
Hell no
I said no, and I ment it, I will lower my difference
because baby you will burn me up
Hell no
You're not going to be the one on my heart
Hell no
No matter how dope that you think you are
Hell no
I said no, and I ment it I will lower my difference
because baby you will burn me up

Never seen two eyes that could tick tock and hypnotise
me for show
Trying to lead me down a rocky road so you can get me
alone
And nothing personal, it's just psychotical to make it
physical and leave screaming out for more
You try to tell me that you only have time for love but let
me tell you something I've already had enough
You're insatiable, so flammable, it's inevitable, baby
you will burn me up

Hell no

I'm not going to let you in my heart
Hell no
I can see that you have trouble from the start
Hell no
I said no, and I ment it, I will lower my difference
because baby you will burn me up
Hell no
You're not going to be the one on my heart
Hell no
No matter how dope that you think you are
Hell no
I said no, and I ment it I will lower my difference
because baby you will burn me up

Brothers in arm
I got some bad news for you
She's like a shooting star gonna burn a hole through
you
You think she's magical but she's so typical
Nothing original, baby's gonna burn you up

Hell no
I'm not going to let you in my heart
Hell no
I can see that you have trouble from the start
Hell no
I said no, and I ment it, I will lower my difference
because baby you will burn me up
Hell no
You're not going to be the one on my heart
Hell no
No matter how dope that you think you are
Hell no
I said no, and I ment it I will lower my difference
because baby you will burn me up

Hell no, hell no, no, no
Hell no, hell no, baby you will burn (burn)
Hell no, baby you will burn me up
