Baby girl I know you're used to
Fellows saying I want you then use you
They don't care about your future
But even if they lose you
They only want one night with you

And know I'm tryina keep it alright with you
I wanna be the one to ride with you
I put it on my life baby girl
Other men try to compete
But it really don't bother me
Eventually you will see
That I got just what you need
Listen baby, we can take it slow
I ain't got no other place to go
Ain't no other way I can break it down, girl

I'mma be the one
Be the one to hold you down
Even when my boys around
Ain't no need for number two now
'Cause I'mma be the one
Be the one to do you right
And I put it, girl, on my life
Anything to make you mine

'Cause I'mma be the one, the one
The one, the one
If you need it, you can have it
I've been dropping other girls like a habit
Saw the one I'mma match it
Girl, we can make it happen
I wanna spend some time with you
Know I try to keep it alright with you
I wanna be the one to ride with you
I put it on my life baby girl that

I'mma be the one
Be the one to hold you down
Even when my boys around
Ain't no need for number two now

Girl, I'mma be the one
Be the one to do you right
And I put it, girl, on my life
Anything to make you mine

It may be what you need, girl
You know I keep it true
This is only for you, girl
You know I'm here for you
No more searching for love, baby
'Cause I'm here and I'll be the one

I'mma be the one
Be the one to hold you down
Even when my boys around
Ain't no need for number two now
Girl, I'mma be the one
Be the one to do you right
And I put it, girl, on my life
Anything that makes you mine

I'mma be the one
Be the one to hold you down
Even when my boys around
Ain't no need for number two now
Girl, I'mma be the one
Be the one to do you right
And I put it, girl, on my life
Anything that makes you mine

Girl, I'mma be the one
The one, the one
Girl, one
I'mma be the one
I'mma be, I'mma be the one
I'mma be, I'mma be the one
I'mma be, I'mma be the one
I'mma be, I'mma be the one
I'mma be, I'mma be the one
I'mma be, I'mma be the one
