Happiness lights up a room when she smiles
I can feel her warmth from miles and miles and miles
Sun shines down on the flowers in her hair
Sweet radiant beauty fills the air, oh yeah, yeah, yeah

I wanna find me that girl, a girl named Happiness
Till then I've never been kissed
When I see her you'll know it, there's nothing to
compare
A girl named Happiness, meet me there

With every reason a season gone
It's never that fast believing that long
My harem-scream ways just couldn't grasp
She's the answer to sharpen my past

Oh, I need to purify what my ego won't tame
Maybe then I'll find a place to that name that I know so
well, oh yeah

I wanna find me that girl
(Never get her off my mind)
A girl named Happiness
(She's the one, my everything)
Till then I've never been kissed
When I see her you'll know there's nothing to compare
A girl named Happiness, meet me there

I don't know when she'll arrive
I'd be ready at any time, yeah, yeah, yeah, yeah, yeah,
yeah
The days and nights of waiting have been long
My only outlet is a song

Maybe someday she'll realize who I am
And then we could walk hand in hand, oh yeah, yeah,
yeah

I wanna find me that girl
(Never get her off my mind)
A girl named Happiness
(She's the one, my everything)

Till then I've never been kissed
When I see her you'll know there's nothing to compare
A girl named Happiness

I wanna find me that girl
(Never get her off my mind)
A girl named Happiness
(She's the one, my everything)
Till then I've never been kissed
When I see her you'll know there's nothing to compare
A girl named Happiness, a girl named Happiness
A girl named Happiness, meet me there
