Volume 1 of this joint

[Geechie Suede]

I ski in Switzerland

Down in morocco gamblin', handlin'

B.I. for my crooks back in the BX, sex, collect wines

Italian designs, quicksilver

Come paint the canvas if needed but should it be not

Cause everything goes accordin' to plan

[Sonny Cheeba]

Yo killin' em softly

Makin' em cop plea

Blessin' the black leaf

Stakin' with 40 thieves

Now diggy bruh, time to conjugate on my delegates

Shikaka, all of bo daggin', from the tri-borough

In they dime, lita named sunshine

The lower for lana diggy now

Rockin' his pocket flo the mass that

Hackensack, highway to holly for this cashmere

Satin pro, got the somali, rolls on my mind

[Geechie Suede]

In france i dance by the moon

Sailin' from cancun, steamin' vega's lace

Limpin' with some delegates that put me on

Capridi scarf around my neck, little red corvette

We got some merchandise to heist

Up in canada we move

[Sonny Cheeba]

Right, right, right

Chorus:

Callin' up the diamond delegates

Black connection

For the sonny cheeba and the suede

Black connection  
Got the bronx brooklyn and the harlem  
Black connection  
All the triborough got the back of black connection

[Sonny Cheeba]  
She scored me up, told me rolls are dyin'  
Wired geechie suede, be right there  
For this caravan, to relieve the bread  
Harlem brook bx  
Catch the character that snatched the goods  
Huggy bear  
Put me on to the will on it hit the gas

[Geechie Suede]  
I got the wire  
Ignored it, then poured it real slow in tekida's glass  
Her radiance, radiance smilin', diamonds giorgio  
splash  
The suede is aroused and caress and caribbean gems  
The squeezein' of jizza is stimulated now on my bend

Lent symphonies, left a crystal rock i copped at  
tiffany's  
She sniffed her arm, let her hair down and paced the  
balcony  
I scraped the well  
Dada have her on the score for years, but backed into  
hawk  
Who pullin' shiest manuevers on my camp, yeah

[Sonny Cheeba]  
I don't understand, what the fuck is up, where my man  
Eat a bowl of hot cock, now sonny cheeba volume one  
Catch the mighty bullion cat, comin' out the door, what  
what  
Arby's over top, mop 'em up, juke his monkey ass

Chorus

[Geechie Suede]  
My huggy bear connect, connect  
Me cautious, I enter a flamin' scorch, you by the door,  
moolah  
All over the floor time to gather  
As much as i can tryin' not to get blam off in a vicious  
Get message to cheeba, in need of assistance right  
now

[Sonny Cheeba]  
Then i get the rumble on the hip, i hit her fuzz

Gotta split, give my peeps who wants sober  
Suede in town, bridge bound  
See the shiesty eyes, filled in double o  
This is it, thru the corridor  
Hit the floor, time y'all pack it up  
What y'all laughin' at  
Loose cannons, blaze my hathaway  
Shake a leg, into the hallway, vision geechie suede  
Coolie high cats  
Back to back, bout to see the gates  
Twist of fate, ease up into the room, let the guns play

[Geechie Suede]

Avoid the penal in jeopardy with no ammo to blow  
But me and my a-c goin' out in less than zero, oh no  
Now here come the crooks  
Paradin' by storm with the luegers and oar  
We conquer ground as usual  
Lo empire can never fall  
yeah

Chorus x 2

[Sonny Cheeba]

Brother joe chi be a part of  
Black connection

Black connection
