[Acyelaone-Talking]

Fuck is up? What's happening?

Yo, tell you a fucking story

Tell you a fucking story

[EL-P]

Here we go, huh!

[Aceyalone-Chorus]

Once upon a time in a city called Shit

Lived a man named "What The Fuck?!?!?"

[EL-P]

He used to clown around with his dick in the ground

And one day his dick got stuck

[Aceyalone]

He was kicking and screaming and yelling  
and cussing and asking everybody for help

[EL-P]

Then he ran into a man named "Fuck You Too"

And he told 'em he should help himself

[Aceyalone]

He was so frustrated with his dick getting ?  
And he had no one to call

[EL-P]

Then he gained control climbed out the hole

Motherfucker you better save his balls

[Aceyalone]

Now everytime I think about "What The Fuck?!?!?"  
I think about you

[EL-P]

And how he changed and took all the pain

When he ran into "Fuck You Too"

[EL-P]

Hey yo peel the fuck out  
Pop the clock, weave through the traffic, backwards  
once  
Straight from the Wasteland, modern luck  
Tainted, baked, and ate in hot sun  
It ain't the same when I murk the surf  
In above the whim truck to ? swervin  
We play the game like bitch you ?  
And Ace in a hole like..

[Aceyalone]

You talk nervous!  
My mind is filled with a thousand kills  
But no ? MC's can face this skills  
Pop the peel, bug the fuck out, brake the fuck out when  
I grab that steel  
The neutrilizer, the equilizer, meet the heat ?  
Burn your high riser  
Roof on fire and so is the first floor  
Keep sticking you, until it don't hurt no more

[EL-P]

I've seen modern thugs with a virtual headset  
Programmed modern but those who ain't dead yet  
And yet vets turn into ?  
Sick of how murdering men became into ? set

[Aceyalone]

Nuts and bolts, programming gears  
And shots to targets, head gets clear  
Try to play brave from a bottle of bear  
But you can't play hero if you're cape say's "Fear"

[Aceyalone and EL-P]

[EL-P:Man]Fuck you too!  
[EL-P:Fuck]Man, fuck you too!  
[EL-P:Come on!] Fuck you too! [EL-P:Come on!]  
[EI-P:Matter fact] Fuck you're all crew!

[EL-P]

Welcome to the circus of stars  
Sit down! Mind reach collapse rat, fractured clown!  
I was ? with a stop of four year old recording  
And smiling with ? for a boy who was born pour through  
mourning  
In the morning, escape my glory  
The citys on fire but I can't stop warming  
Sick with the vision of my ? burning  
Stick with what I mention and I'll splif you lip  
Warning!

[Aceyalone]

They wanna jump into the battle and earn their respect  
Well get the fuck up! Let me cash this check  
I'm still on deck with a mouth full of poison  
Spitting at you and your crew when your ? in  
Raining parades leave stains on a blade  
I came with the raid and I'm leaking with your head  
I walk home alone from the terror dome  
FULL! Because hungry wolves need to be fit

[EL-P]

Yo, I punch strokes and I crunch the clock  
THEREs sharks in the moat and ? in the ?  
WHERE cops and kids bust shots not to live  
Bitch, shut your ball park and talk to the fist

[Aceyalone]

Marksmanship and the parks don't slip  
You marks get lit up and hit him so quick  
It's dark in the pit you betta watch what you do  
Fuck you motherfuckers!

[EL-P and Aceyalone]

Fuck you too!

[Aceyalone-Chorus]

Once upon a time in a city called shit  
Lived a man named "What The Fuck?!?!?"

[EL-P]

He used to clown around with his dick in the ground  
And one day his dick got stuck

[Aceyalone]

He was kicking and screaming and yelling and cussing  
and asking everybody  
for help

[EL-P]

Then he ran into a man named "Fuck You Too"  
And he told 'em he should help himself

[Aceyalone]

He was so frustrated with his dick being ?  
And he had no one to call

[EL-P]

Then he gained control climbed out the hole  
Motherfucker you better save his balls

[Aceyalone]

Now everytime I think about "What The Fuck!?!?!"  
I think about you

[EL-P]

And how he changed and took all the pain  
When he ran into "Fuck You Too"
