(Feat. Demi Lovato)

Demi, the biggest teen star
And I, a Disney hoster
But we're, both Christian
Where is God when I need Him?

[Chorus]

Oh yeah, you could be my "Ashlee Simpson" - yeah
Thanks for stealing my heart - that's a Sin - yeah
I hear your every heart beat - yeah
I propose on my knees

Miley and I are over
I never really liked her
She's not what I thought
Nude pics turn me way off

[Chorus]

Please don't tell me why it can't be
Cuz I don't wanna hear - yeah
I'll burst into tears and I'll cut my wrists
I want you all for me!

Demi, I've been waiting and praying for you
So, I don't know how to say this... but
Demi, will you take my hand in marriage?
And take me to be your husband; and you to be my
wife?
And we could live happily ever after
Just like Zac Efron and Vanessa Hudgens
Oh yeah, I'll be your Jesse McCartney!

Tell me if you
[Chorus] (x3)

Oh I propose on my knees
... Unless of course you want me to get up off the flour
