Written by david rugely.

Just a little smile, makes it all worth while
And when it's possible, try and walk the extra mile
Ooh a gentle squeeze, sets my mind at ease
Your love pours down on me
My love pours out on you

(chorus)

We're gettin' deeper, deeper in love
We're gettin' deeper, deeper in love
And now my desire is to be warmed
Oo-huh my desire, is to be warmed by your fire

Woh-ooH-oh-ooH-oh

Just a simple touch, heals the wounds all up
And with your warm embrace
All of my tears erase
When you look my way, the pain is washed away
Your pours down on me
My love pours out on you

(repeat chorus)

Oh-ooH-oh-ooH-oh
