Written by jeremy spencer.

Little girl, go gather your surfboard
Little girl, go gather your surfboard
Together we'll surf around the world.

Sugar, be my surfin' girl.
Oh, sugar, be my surfin' girl.
Together we'll surf around the world.

We'll be ridin' in the surf and we sure will be riddin high
I'll do a double spinner almost touch the sky
So baby, get on your surfboard and ride

Sugar, be my surfin' girl.
Oh, sugar, be my surfin' girl.

Together we'll surf around the world.

Sugar my surfin' girl
Suger my surfin' girl
Together we'll surf around the world

We'll be riddin' in the surf and we sure will be ridin'
high
I'll do a double spinner almost touch the sky
So baby get on your surfboard and ride

Little girl, go gather your surfboard
Little girl, go gather your surfboard
Together we'll surf around the world.
