We're like a melody with no words  
Until we figure it out  
We sing  
La, la, la, la, la, la

I know it's simple, yeah  
But it's worked right up until now  
'Cause up till now, yeah  
Every day's been like a dream world, oh  
But now you're not just in my head, oh no

When we remember different summers  
It's like tossing your heart to see where it lands  
Heads is easy  
Tails is harder to plan  
If we're starting all over again and again and again, oh

You know that I can't help but wonder  
What's gonna happen next  
I'm a little curious, oh yeah  
Every star that I stood under  
When you were under it too  
Did you ever think about us?

I hope you did, 'cause I can tell you  
That's something I'll never forget  
I won't forget

If we remember different summers  
It's like tossing your heart to see where it lands  
Heads is easy  
Tails is harder to plan  
If we're starting all over again

Only friends  
Just beginning  
But I hope that we find it again  
So we can go from here, oh

When we remember different summers  
It's like tossing your heart to see where it lands  
Heads is easy

Tails is harder to plan  
If we're starting all over again  
Again and again and again and again  
Again and again and again  
When we remember different summers
