Here I am
feels like the walls are closing in
once again it's time to face it and be strong
I wanna do the right thing now
I know its up to me
somehow I've lost my way

If I could take it all back
I would now
I never meant to let you all down
and now I've got to try
to turn it all around
and figure out how to fix this
I know there's a way so I promise
I'm gonna clean up the mess I made
maybe it's not too late
maybe it's not too late

So I'll take a stand
even though it's complicated
if I can
I wanna change the way I made it
I've gotta do the right thing now
I know its up to me
somehow I've find my way
If I could take it all back
I would now
I never meant to let you all down
and now I got to try
to turn it all around
and figure out how to fix this
I know there's a way so I promise
I'm gonna clean up the mess I made
maybe it's not too late

I'm gonna find the Strength to be the
one that hold it all together
and show you that I'm sorry
but I know that we can make it better

If I could take it all back
I would now

I never meant to let you all down
and now I've got to try
to turn it all around
and figure out how to fix this
I know there's a way so I promise
I'm gonna clean up the mess I made
maybe it's not too late

I never meant to let you all down
now I've got to try
to turn it all around
and figure out how to fix it
I know there's a way
so I promise
I'm gonna clean up the mess I made
maybe it's too late
maybe it's too late
