We pull away from shore, and so we close the doors
we've opened,
File away our fears, release today, embrace tomorrow
We feel our feelings lie; we see the way but not the
exits
Reality we fight; we dream escape but wake the
captured
Is your world so cold outside that we have no ties?
Are the walls we build between us closing in?
You can't deny... Mercy
You can't deny... Mercy
Can anybody help me?
We turn away from scorn and leave the past alone
Pardon what we know, release each day away, but we
never go...

Never go to... Mercy
Is your world so cold outside that we have no ties?
Are the walls we build between us closing in?
You can't deny... Mercy
You can't deny... Mercy
You can't deny... Mercy
You can't deny... Mercy
Can anybody help me?
