[JD](Monica)

Uh-huh, oh (Oh)

Uh-huh, oh

So So Def

Turn it up

(I've got to have it)

See this is what it's all about right her

Understand me see my life's real

I don't know about yours

Everything I do is an event

(I've got to have it)

Nas, Monica, and me

(I've got to have it)

When it comes to my honeys in the strip club (oh)

Sumpin' on dubs in the middle of the block

Like what? (What?)

[Nas](Monica)

When you see me with the crispy fade

Icing it out, glowing when the lights is out (hmm)

Yo say my name! (Ooh)

When you see a Bentley or Ferrari, a Maserati

It's probably me (ooh, oh)

Say my name!

When your hear this song bump in the club

When you're chillin' on the corner with your thugs

Say my name!

I make it hot and take your block

Who they wanna be and hate they not

Yo say my name!

When your girl don't call you when you beep her

And you hit it and her thing feel deeper

Say my name!

Pull on her hair, spankin' her rear

While I'm in 'em bitches all I wanna hear is you say my name

Squeeze my gats beef is done

Police come you know the game

Don't say my name

Dipped out crazy, Timbs chicken and gravy

Q.B., Dupri baby

1 - [JD] (Monica)

When it comes to the clubs packed, Cristal flowin'
(I've got to have it)

When it comes to homes pushed out chrome stuck out
in traffic
(I've got to have it)

When it comes to a neck full of glow
And a check full of O's, you know
(I've got to have it)

When it comes to my honeys in the strip club
Sumpin' on dubs in the middle of the block
Like what? Say my name!
(I've got to have it)

[Monica]

Gotta have my tied up Iceberg Gucci Rolley
Bezzled up, bezzled up
Gotta have me a double O
With the six in the front
And the bump-bump in the truck
Gotta have me an escalade
My house is late
A man that keeps my bills paid
My records play every day
What can I say?
I've got to have it

Repeat 1

[JD]

When you see a black do-rag through the tint
Of a black Bent going too fast
Say my name
When you talk about longevity
And niggas that know how to keep gettin' that cash
Say my name
When you're sick of your songs
Sittin' on the right
And wanna know what the top feel like
Say my name
If you wanna know what being hot feel like
And shuttin' down the spot feel like
Say my name!
JD from the home where the bowls get thrown
And the dough get gone real quick like
Keep niggas sick like 40 karats and a chain
Foolish ain't it?
Yeah say my name!
Everything you did I've done did double
If you hate to see flash your ass is in trouble

Scram now and don't look back
Cause until I die it's like that

Repeat 1

[JD](Monica)

Girl don't you love the way I rock it baby

Girl how I keep it in my pocket

Maybe we can hook up cause you got something I want
and

(I've got to have it)

Girl don't you love the way I rock it baby

Girl how I keep it in my pocket

Maybe we can hook up cause you got something I want
and

(I've got to have it)
