You think that it's easy You think that it hurts me You think you can hurt me I'd love you to try And if you can find me And if you can see me And if you can show me I'd live you to try You're fucking wrong

Its burning inside you And then you can't argue It tears you apart And I can't help you When beauty is painful Your own eyes will burn you And they'll always find you Hide you

You're so fucking wrong.

I don't believe you When all you have Is all you know
