And I know the path you take is not the one you should  
of  
And I know that you've been doing it for me  
And I know the way I feel, I know how you will feel in the  
end  
You're the one who has to change, Away from me

Sorry I can't fucking see appeal in your destiny  
Won't back down my heart can face the grave(?)  
So now you will fucking go to a place you call your  
fucking home  
Yes that's where you wanna be, away from me

And I know the path you'll take, know the lies you'll  
make  
Happiness is just within your mind  
Think of where you've been, is this how you fucking  
wanna live  
Maybe one day you'll see

And I know the path you'll take is not the one you  
should of  
And I know that you have been doing it all for me  
And I know that I don't feel alright, realize you're not  
yourself tonight  
Guess there's nothing left to say, Away from me  
Away from me
