Ever thought of all the stupid things you've done  
Does it make you start to laugh or  
Do you feel so fucking dumb  
'Cause no one ever really cared  
And if they ever did t'was only for themselves  
And I question that:

[Chorus:]

When I'm surrounded and I'm  
'Cause my purity is too deep  
No there's no such thing

As I watched myself turn into what I hate  
It didn't really matter,  
Now what you did made me lose faith  
Now I don't fucking care,  
And if I ever did t'was only for myself  
And I question that:

[Chorus]

Did you think that my mind would be so fine  
Did you think I'd still be there for... you

[Chorus:]

When I'm surrounded and I'm  
'Cause my purity is too deep  
When I look down and you can see me  
But I know that you're still there  
I still hear  
No there's no such thing
