"Injection Of You"

Piss on piss, kiss on kiss
It's a simple math, that on this
My desire, your flesh on fire
Put me out, I'm not tired
Greed on greed, the more I need
Lie to your body, pretend to breed

You're in my blood now my veins turn blue
I get my biggest rush from an injection of you
Feel like a child, naked and wild
Your body's my playground
Where pure is defiled

Sweat on sweat, the more I get
Jump in the fire, this ain't over yet

I can quite anytime I want

I can quit anytime I want to
