what did you say
i couldn't hear you from the other room
what did you say
come on TELL ME TELL ME

what did that mean
why don't you tell me what you really think
what could that mean
come on SAY IT just SAY IT

if you got something prove PROVE IT
if you got something to do DO IT
if you got something to say FUCKING SAY IT
spit it out

what did you say
you need to tell me cause i need to know
what did you say
come on TELL ME TELL ME

what was that there
is it something you wanted to say
don't walk away now
im not FINISHED NOT FINISHED

(chorus) x2

i can't hear you
i still can't hear
i can't hear you

where you talking to me
i still can't hear you
where you talking to me

so what your saying
is that i always seem to let you down
but im sorry
FUCK IT FUCK IT

so what your saying
you need to think before you try to speak

its not easy
FUCK IT just FUCK IT

(chorus) x2

i can't hear you
where you talking to me
i still can't hear you
where you talking to me
i can't hear you
where you talking to me
i stil can't hear you
where you where you talking to me
i can't hear you
where you talking to me where you where you
i still can't hear you
where you talking to me
