(feat. Da Brat, Kandi)

[Chorus - Kandi]

You make me TALK nasty nasty to ya
DREAM about how i wanna do ya
THINK things to think about you bring it out
You show me how to use my tongue
You just some yum yum tasty tasy
And when you take me and take me you bring the freak
out in ME

[Da Brat]

I'm freaky freaky
Gimme head head
I wanna see how you get down, go down, go down and
get fed
Come 'n get some tasty tasy
Lick each 'n every individual part and make me, make
me
Come come a chameleon
See a different position to do something different to
the yum yum
Jump jump on top of the kitchen cabinet
So you can stick it 'n pump pump
Miss Harris waiting for whatever i feel like having
Save you some embrassment
I'm an Aries 'n i ain't scared of shit
Dare to flinch then 'n there i'll make your chest hairs lift

[Chorus]

[Jermaine Dupri]

Only you do ah, ah
Think about this n try try
To kiss all the places
Missed by the basic lovin' up your guy-ah
Ride in the park in the broad daylight
Real hard like we the only ones around
Back of the car, tearing u apart
'n this how shit be goin' down
When i pump you say harder harder
Love it when i bring my camcorder

Whipped cream, take everything
Even when we first got started started
From the bedroom to the dancefloor
To a slow tune up against the door
To the up 'n down, to the in 'n out
To the way you sound

[Chorus]

[Kandi (Jermaine Dupri)]
Are you gonna fuck me?
(you think i'm not?)
Come on baby
(i'm comin)
Lets fuck
(i love it when you talk like that)
Yeh whatever, go down there
(show me how to use my tongue)
I want you to put your tongue right here
(talk to me!)
Right there on there yeh

[Da Brat]

I'm a superfreak i do what you need
I'm a slave for you, stay craving you
I'm available, i'm unfadable
And i'm capable to disable you
I break you down, blow out your pipe
Turn out your lights and leave your wife
Lie me down on my back but don't let my Timberlands
clap
Hit it up like it's Wimbledon
Don't spare a racquet 'cause Brat freaky like that
Just once taste of the nipple
And two kisses will leave you crippled
You done fell in love with shantizzle
And i'ma keep you fiending for mizzo
The 6-0 six-fo bizzo
Got one of the freakiest hizzo's

[Chorus x2]
