You make me talk nasty, nasty to you
Dream about how I wanna do you
Think things to think about you, bring it out
You show me how to use my tongue
You just some yum, yum, tasty, tasty
And when you take me and take me
You bring the freak out in me

I'm freaky, freaky, gimme head, head
I wanna see how you get down, go down, go down and
get fed
Come 'n get some tasty, tasty
Lick each 'n every individual part and make me, make
me

Come come a chameleon see a different position
To do something different to the yum, yum
Jump, jump on top of the kitchen cabinet
So you can stick it 'n pump, pump

Miss Harris waiting for whatever I feel like having
Save you some embarrassment
I'm an Aries 'n I ain't scared of shit
Dare you to flinch then 'n there I'll make your chest
hairs lift

You make me talk nasty, nasty to you
Dream about how I wanna do you
Think things to think about you, bring it out
You show me how to use my tongue
You just some yum, yum, tasty, tasty
And when you take me and take me
You bring the freak out in me

Only you do ah, ah think about this n try, try
To kiss all the places missed by the basic lovin' up your
guy-ah
Ride in the park in the broad daylight
Real hard like we the only ones around

Back of the car, tearing u apart
'N this how shit be goin' down

When I pump you say harder, harder
Love it when I bring my camcorder

Whipped cream, take everything
Even when we first got started started
From the bedroom to the dance floor
To a slow tune up against the door
To the up 'n down, to the in 'n out
To the way you sound

You make me talk nasty, nasty to you
Dream about how I wanna do you
Think things to think about you, bring it out
You show me how to use my tongue
You just some yum, yum, tasty, tasty
And when you take me and take me
You bring the freak out in me

Are you gonna fuck me? You think I'm not?
Come on baby, I'm comin'
Lets fuck, I love it when you talk like that
Yeah whatever, go down there
Show me how to use my tongue
I want you to put your tongue right here
Talk to me
Right there on there, yeah

I'm a super freak I do what you need
I'm a slave for you, stay craving you
I'm available, I'm unfadable
And I'm capable to disable you

I break you down, blow out your pipe
Turn out your lights and leave your wife
Lay me down on my back but don't let my Timberlands
clap
Hit it up like its Wimbledon

Don't spare a racket 'cause Brat freaky like that
Just once taste of the nipple
And two kisses will leave you crippled
You done fell in love with shantizzle
And I'm a keep you fiending for mizzo
The 6-0 six-fo bizzo got one of the freakiest hizzo's

You make me talk nasty nasty to you
Dream about how I wanna do you
Think things to think about you, bring it out
You show me how to use my tongue
You just some yum, yum, tasty, tasty
And when you take me and take me

You bring the freak out in me

You make me talk nasty, nasty to you
Dream about how I wanna do you
Think things to think about you, bring it out
You show me how to use my tongue
You just some yum, yum, tasty, tasty
And when you take me and take me
You bring the freak out in me
