Ooh-ooh-ooh...

Ooh, the state of my heart

You know we used to talk for hours  
But now we have nothing to say  
I guess we're gonna throw it all away  
Ooh-ooh...  
We have all of the cards on the table  
Two hearts with no passion to play  
I guess we'll understand it all someday  
Ooh, baby  
Round and round we go and where we'll stop  
We just never know

I guess it's just the state of my heart  
I don't wanna feel this way  
I guess it's just the state of my heart  
I don't wanna feel this way no more  
I guess it's time to close the door

Ooh-ooh-ooh...

I thought that we'd go on forever  
Hello seems to echo goodbye  
There must have been a thousand times we tried  
Oh, baby  
You say just friends we'll be eternally  
That won't work for me

I guess it's just the state of my heart  
I don't wanna feel this way  
I guess it's just the state of my heart  
Wishing there was yesterday  
I guess it's just the state of my heart  
I don't wanna feel this way  
I guess it's just the state of my heart  
All is there in love, they say

(Sax Solo)

(Repeat with Ad-Libs and Fade)  
I guess it's just the state of my heart  
It's just the state of, the state of my heart
