"Words Into Action"

I can't let you go tonight without a fight
Oh you been sending love signs that feel so right
When we move you talk of love I understand
Oh baby there is no time like the first time
I will hold you to the promises you made
I know you'll be worth the wait
When you're turning your words into action
Letting your body do all the talking
I wanna know how it feels
When we love the first time
When you're turning your words into action
Letting your body do all the talking

Chorus

I can't let you go tonight but I know the way you feel
I need real love
I will old you and the promises you've made
I know we can fidn the way

Chorus

I wanna know if this is the real thing

Yes I do baby
Moving in time with you
Oh won't you show me
Living up to what you say
Take my breath away

Chorus
