Ain't love a sweet, sweet song
When lovers sing along, so sweet
It's like harmonies
Ain't love a wonderful sound
When love is love out loud, so sweet
Baby, you and me
Ain't love sweet, oh yeah
Nobody's got a lover like this lucky son
And the beautiful thing is love never gets old
We got the kind of love that people pray for
And the coolest thing about it
We've got so much more
Ain't love a sweet, sweet song
When lovers sing along, so sweet
It's like harmonies
Ain't love a wonderful sound
When love is love out loud, so sweet
Yeah, baby
Baby, you and me
Ain't love sweet, ain't love sweet
I never knew that waking up could feel so good
But you make living worth it like I knew you would
You're an inspiration to me upon every breath
I love you like I love you cuz I can't help myself
Ain't love a sweet, sweet song
When lovers sing along, so sweet
It's like harmonies
Ain't love a wonderful sound
When love is love out loud, so sweet
Ohhh, baby, you and me
Ain't love sweet, yeah
Ain't love a sweet, sweet song
When lovers sing along, so sweet
Ohh, in harmony
Oh, it's like perfect harmony, yeah
Ain't love a wonderful sound
When love is love out loud, so sweet
Hey, baby, you and me, yeah
Ain't love sweet, ain't love
