Why is it I'm so far away
From where I want to be?
And how is it, it seems like everyday
It's lost so easily?
It's all I've got on my mind
And all I've got to find is the reason why
Choosing my future path (Oh, why?)
Oncoming storms to pass (Why?)
When choices self somehow
Seems so unreal right now
(I can't comprehend)
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
Here I sit, I'm wondering
Why I feel the way I do
And how is it as doubt sets in
I'm further from the truth?
Oh, it's with me all the time
But still I can't find the reason why
Time and again, I ask (Oh, why?)
If the future's just like the past (Why?)
I can't quite comprehend
I'm trying to understand
(I can't comprehend)
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
It's all I've got on my mind
And all I've got to find
I am searching for the clue
Could it be the reasons why?
Choosing my future path
Oncoming storms to pass (Searching)
When choices self somehow
Seems so unreal right now
(It's seems so unreal)
Is it right that I can't be wrong? (Oh...)
Still it keeps on and on
Will I ever learn the reasons why?
Time and again, I ask

If the future's just like the past
I can't quite comprehend
I'm trying to understand
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
Choosing my future path
Oncoming storms to pass
When choices self somehow
Seems so unreal right now
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
Time and again, I ask
If the future's just like the past
I can't quite comprehend
I'm trying to understand
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
Choosing my future path
Oncoming storms to pass
When choices self somehow
Seems so unreal right now
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
Time and again, I ask
If the future's just like the past
I can't quite comprehend
I'm trying to understand
Is it right that I can't be wrong?
Still it keeps on and on
Will I ever learn the reasons why?
