Intro:

My friend, it's gonna be okay,  
As soon as we'll see a beautiful girl here I'll show you  
Yes you the superman

You got your groove  
with move with every joli don don, wo ho, wo ho  
You got your groove  
with move with every joli don don, yeah, yeah, yeah

If I see your body, grooving on the floor  
If I see your body screaming out for more  
Baby let me tell you, you and I can be  
Baby let me hold you, hold you close to me

You got to please, I know, I know, I know  
You got to tease her, I do, I do, I knew  
You got to show her, I show you right right now  
You got to feel her, I feel you girl  
Cause I am no superman  
But I do the best I can  
I am no superman, oh no, oh no  
Cause I am no superman  
But I do the best I can  
I am no superman, oh no, oh no

You got your groove  
with move with every joli don don, wo ho, wo ho  
You got your groove  
with move with every joli don don, yeah, yeah, yeah  
You got your groove  
with move with every joli don don, wo ho, wo ho  
You got your groove  
with move with every joli don don, yeah, yeah, yeah  
If I see you grooving, I wanna be that groove  
If I see you moving, wanna feel your move  
So let's move  
And when I see you flirting I've never seen before  
When I see you flirting, give me just some more  
Give it up

You got to please, I know, I know, I know  
You got to tease her, I do, I do, I knew  
You got to show her, I show you right right now  
You got to feel her, I feel you girl  
Cause I am no superman  
But I do the best I can  
I am no superman, oh no, oh no  
Cause I am no superman  
But I do the best I can  
I am no superman, oh no, oh no

Baby love me now, taste how the night can be  
I wanna see your smile, when you wake up with me  
Cause I am no superman,... for you here  
I am no superman,... bringing the music  
I am no superman, yes you are friend  
Listen to... tell them yo

You got your groove  
with move with every joli don don, wo ho, wo ho  
You got your groove  
with move with every joli don don, yeah, yeah, yeah  
Cause I am no super man  
But I do the best I can  
I am no superman, oh no, oh no  
I am no superman  
But I do the best I can  
I am no superman, oh no, oh no  
I am no superman  
I am no superman, oh no, oh no  
I am no superman  
But I do the best I can  
I am no superman, oh no, oh no
