"Somebody who loves me"

#### Verse1

i tried to forgive you,  
a hundred thousand times.  
you said that you missed me,  
but i figured you out.  
now tomorrow seems so far away  
i dont wanna live another day like this  
i can't take it any more

pre chorus:  
love me for me,  
not for someone i'd never be  
now i know, what i want, what i need

#### Chorus:

Somebody who loves to treat me right  
somebody who loves to see me smile  
didn't you know that, you gotta treat me  
ri-i-ight ri-i-ight.  
somebody who loves to treat me right  
somebody who loves to spend the night  
didn't you know that, i gotta say good  
bye-ye-ye ye-ye-ye  
somebody who loves me  
somebody who loves me

#### Verse2

I thought it won't hurt me,  
but that was just a lie.  
can't pick up the pieces,  
we are falling apart.  
i never want to fade away  
and i never saw it end this way  
i walk down the road you leave behind

Pre chorus:  
love me for me,  
not for someone i'd never be

now i know, what i want, what i need

Chorus:

Somebody who loves to treat me right  
somebody who loves to see me smile  
didn't you know that, you gotta treat me  
ri-i-ight ri-i-ight.  
somebody who loves to treat me right  
somebody who loves to spend the night  
didn't you know that, i gotta say good  
bye-ye-ye ye-ye-ye  
somebody who loves me  
somebody who loves me

mid8

every dawn, that light that wakes you up  
will remind you of my touch,  
and the things we've said and done  
Every time you're gonna hear this song  
you know that i am gone,  
out of your life

Cause i can see clearly,  
now i know, it's been over my head  
over my head (cross over chorus)

Chorus:

Somebody who loves to treat me right  
somebody who loves to see me smile  
didn't you know that, you gotta treat me  
ri-i-ight ri-i-ight.  
somebody who loves to treat me right  
somebody who loves to spend the night  
didn't you know that, i gotta say good  
bye-ye-ye ye-ye-ye

Somebody who loves me  
somebody who loves me  
gotta say good bye-ye-ye ye-ye-ye  
somebody who loves me
