There is a place I go to rest
At the feet of God
There is a place where I am blessed
At the feet of God
There are times when I am weak
At the feet of God
He knows my needs before I speak
At the Feet of God

(Chorus)

He Knows my name my soul is claimed
At the Feet of God
Still The same oh, Praise his name
At the feet of God

(Verse 2)

There's safety from the raging storm.
At the feet of God
The love that keeps me from all harm
Is at the feet of God
A healing Power flows from me
At the Feet of God
His blood will cleanse and make me free
At the feet of God
(Back to Chorus)

(Ending)

Still the same oh praise his name
At the Feet of God.
