Don't let love hang you up  
Don't let it make you sad and blue  
Don't let love hang you up

Cause it won't be long  
Said it won't be long  
Before your life is good

Working around in  
A world of rage  
Somebody just stole  
Your sunshine away

And I know the last thing  
You wanna hear from me  
Some old dilapidated  
Jive philosophy

Oh, get yourself together  
Stop complaining  
About the weather

Don't let life hang you up  
Don't let it make you sad and blue  
Don't let life hang you up  
Cause it won't be long  
Well, it won't be long

I know how it feels  
When your love's gone wrong  
You're long faced and lonely  
But you must be strong

Go out and get yourself  
All lost in the crowd  
Start a little crying  
But for crying out loud

Don't be around  
Looking for sympathy  
You won't be able to see  
The forest for the trees

Don't let life hang you up  
I said don't let it  
Make you sad and blue  
Brother, don't let  
Love hang you up

Cause it won't be long  
I said it won't be long  
Before your life is, ahh

Don't let love hang you up  
I said don't let it  
Make you sad and blue  
Listen to me  
Don't let love hang you up  
Cause it won't be long  
Before your life is, ahh

Don't let love hang you up  
Hey, hey, don't let it  
Make you sad and blue  
Don't let love hang you up...
