When I speak your name
I start to shake inside
When I see you stroll
I lose control

That's what love will do for you
That's what love will make you do
No matter how hard I fight
Baby, I'm still in love you

If you ever need
There's no limit to what I'll do
Work eight days a week, baby
And give it all to you

That's what love will do for you
That's what love will make you do
No matter how hard I fight
Baby, I'm still in love you

When they speak of beauty
You can stand the test
When they talk about making love
Baby, you're the best

Don't want to brag about you too much
And give others ideas
Trying hard to express myself
'Cause baby that's the way I feel

That's what love will do for you
That's what love will make you do
No matter how hard I fight
Baby, I'm still in love you

When they speak of beauty
You can stand the test
When they talk about making love
Baby, you're the best

Don't want to brag about you too much

And give others ideas
Trying hard to express myself
'Cause baby, that's the way I feel

That's what love will do for you
That's what love will make you do
No matter how hard I fight
Baby, I'm still in love you

No matter how hard I fight it
Baby, I'm still in love with you
