Hello mrs. Johnson, this is Johnny Blue  
I just had to call to find out if it's true  
I heard Carol's get married and she's leaving today  
No, I don't wanna talk to her, I'd only cry  
Just tell her that I love her  
And tell her Johnny said goodbye

What time is the wedding and where's it got to be  
You know the boy she's getting married to  
That boy could have been me  
Well, like a fool I've lost her  
And I still miss her so  
No, I don't wanna talk to her, I'd only cry  
Just tell her that I love her

And tell her Johnny said goodbye

I know she looks just like an angel  
And when the bells start to chime  
I promise I will not let her know I'm her  
But I got to see one more time

Yes, I know you're busy  
And you got a lot to do  
I know you're losing your darling  
But mrs. Johnson, I'm losing her too  
Just tell her that I'll miss her  
But I wish her the best  
No, I don't wanna talk to her, I'd only cry  
Just tell her that I love her  
And tell her Johnny said goodbye
