Well, I've been gone for so long, feels so good just to
get back home
Back to my friends and all the faces I love to see
Like a rainbow in the sky, a certain twinkle that's in her
eye
Telling me they believe in what I am, and what I want to
be

Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while
Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while

Oh Lord, don't it feel right tonight, makin' music when

Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while
Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while

Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while
Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while

Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while
Don't it make you wanna dance? Don't it make you
wanna smile?
When you're down, down, down in the country could
you sing a while
