There's no stronger winds than the one that blew
Down a lonesome railroad line
There's no prettier sight than looking back
On the town you left behind
But nothing is as real as a love that's in your mind

Close your eyes
I'll be here in the morning
Close your eyes
I'll be here for a while

All the rivers and the mountains
Valleys can't compare
With your blue-lit flashing, dancing eyes
Yellow shining hair
Never hit that open road, leave you lying there

Close your eyes
I'll be here in the morning
Close your eyes
I'll be here for a while

Lay your head back easy love and dry your crying eyes
I'll be here in the morning when the sun is on the rise
I'll stay as long as the cuckoo wails
And the lonesome blue Jay cries

Close your eyes
I'll be here in the morning
Close your eyes
I'll be here for a while

Close your eyes
I'll be here in the morning
Close your eyes
I'll be here for a while

There's no stronger winds than the one that blow
Down a lonesome railroad line
There's no prettier sight than looking back
On the town you left behind
Nothing is as real as a love that's in your mind

Close your eyes
I'll be here in the morning
Close your eyes
I'll be here for a while
