Love will abide Take things in stride Sounds like good advice But there's no one at my side

And Time Washes clean Love wounds unseen That's what someone Told me but I don't know what it means

Cause I've done everything I know try and make you mine And I think I'm gonna love for a long long time

Caught in my fears Blinking back the tears I can't say you hurt me When you never let me near And I never drew One response from you all the while you fell over The girls you never knew

Cause I've done everything I know try and make you mine And I think It's gonna hurt me for a long long time

Wait for the day you go away Knowing that you warned me of the price I'd have to pay Life's full of flaws Who knows the cause Living in the memory Of a love that never was

And I've done everything I know try and change you mind And I think I'm gonna miss you for a long long time

Cause I've done everything I know try and make you mine

And I think I'm gonna love for a long long time
