As the morning light stretched in across my bed  
I thought of you  
Remembering your laughing eyes and all we said  
I love you too

As all my thoughts of you pass 'fore my face a  
thousand times  
The way they race my heart I cannot say it all in lines

Our short time together lasts a long  
Makes me strong  
This two weeks came and went then you and I were  
gone  
Living on

For it seems our love was destined to be caught in  
other nets  
But the love we held so brief, I'd chance again without  
regrets

We kissed goodbye so smooth it turned me 'round  
Round and round  
But our cool sometimes returns to put me on  
Slightly down

For each have things to do before our time alone is  
done  
But these thoughts of you here down the line prove our  
love has just begun

Yes standing by the road has been my song before  
Much too long  
Now somehow I'm forced to see me there once more  
And that's this song

For my waking thoughts of you are but extensions of  
dreams  
Without you here beside me I'll never know all that they  
mean

So as morning light stretched in across my bed  
I thought of you

Remembering your laughing eyes and all we said  
I love you too

And as all my thoughts of you pass 'fore my face a  
thousand times  
The way they race my heart I cannot say it all in lines
