All my real bitches holla, all my real bitches holla
All my real bitches holla if ya feel me
(Recite 4x)

[Verse 1]

That hoe don't like me and I know it cause I fucked her
baby daddy
The dumb bitch that's why she can't stand me
On the weekend I was creeping
With yo man Hilton Inn bitch in 210
That hoe don't understand that I can fuck her man
I wanna take him home bitch cause I can
I'm looking good when I fall off in this club
These hoes hate cause they know what ???
I got a man but I really want yours
That nigga had you thinking he was with his boys
You just the baby mama and I don't see the drama
So why this hoe thinking she's the holy one Shana
You never was, you never will
That's how I feel bitch I'm justing being real
Them hoes mad cause I'm riding in that Caddy
Well stay the fuck out of mine and you can have it

[Chorus]

Oh that's why ya can't stand me (Why?)
Because I fucked yo baby daddy
(Recite 4x)

[Verse 2]

Listen girl you got to go, act like you know
Yo man had me from the bed to the flo

Ain't gone do shit but get her ass kicked
