I know you're ready, you show all the signs  
Your eyes sparkle oh how they shine  
But you keep saying  
You can't take another heartache

The way you hold me, the way that you move  
Your feelings keep showing through  
You can't hide it  
It's written all over your face

Don't tell me you're not in love  
When your heart beats like it does  
Your trembling body tells on you  
Each time we touch

You can tell me you're afraid  
I am too and that's okay  
I got eyes, I can see  
Baby don't tell me you're not in love

Sweet love songs bring you to tears  
Come on baby don't hide in your fear  
Let your lips say  
What your heart already knows

Your denial is a last thing to fall  
The only brick left holding the wall  
Don't hold back  
Speak with your heart and your soul

Don't tell me you're not in love  
When your heart beats like it does  
Your trembling body tells on you  
Each time we touch

You can tell me you're afraid  
I am too and that's okay  
I got eyes, I can see  
Baby don't tell me you're not in love

I got eyes, I can see  
Baby don't tell me you're not in love
