It's hard on the love life holding two jobs down
I'm pulling in the driveway you're pulling out
We need a va-cation I want to be alone with you
In a cozy little cabin or a caribbean cruise

Let's take a little love trip Lock the doors and try to
forget
The bills to pay and the faucet drips Oh we've got to
get a-way
It don't matter baby where we go The blue ridge
mountains or Mexico
Just park the car and the kids Let's take a little love trip

Now we can call the airlines heard fares are cheap
We can rent a rag top and head down to the beach
Now wouldn't it be romantic to get a room on a train
And go on a long slow ride to any place

Let's take a little love trip Let's take a little love trip
