(feat. B.B. King)

I can tell by the way you're a little bit lonesome baby,  
just like Jerry Lee  
It's just like someone that you're needing to forget  
Honey, that's the same thing with me I've been  
wanderin' baby why don't we?  
Just make believe it ain't the first time we have met

And before the night is over you're gonna be in love  
I bet you by the mornin', I'll be the only one that you'll  
be thinkin' of  
So we will, will come together as close as fingers in a  
glove  
And before the night is over you gonna be in love

[Piano solo]

Wooooo!

[Piano solo]

Play a little piano I hear!

[Piano and organ break]

Yeah!

[Guitar break]

Honey I can tell, Jerry Lee can tell, somebody might put  
that lady there right through to hell  
And she can use a little tenderness these things I know  
O if you feel that it's wrong Lord I could be comin' on a  
little bit too strong  
Just let me know I'll pack my jump I just might go

[Guitar and instrumental break]

But before the night is over, you gonna be in love  
I bet you by the mornin', I'll be the only one that you'll  
be thinkin' of

So we will come together as close as fingers in a glove  
And before the night is over  
I said before the night is over  
Hey girl before the night is over you gonna be in love

Gonna be in love! Whoa!
