I am yours and you are mine, come what may  
A love like ours remains divine, come what may  
Even though we're miles apart, you're  
living in my lonely heart  
Even though the tear drops start, fills the long, long  
day

Got your picture near me since you went away  
Plant a kiss upon my lips both night and day  
Bearing mind that you are fine, a love that's  
true  
And I'll be here for you, come what may

I am yours and you are mine, come what may  
Love like our remains divine, come what May  
And a kiss upon your lips, I'll place my hands  
upon your hips  
I'll kiss your lovin' lips, everything's fine so  
fine, fine, fine

I'd like to hold you, squeeze you tight, 'cause  
you are mine  
Oh, I miss you so, can't let you go, hunny love  
is mine  
And my bearing mind that you are fine, a love  
that's true  
And I'll be here for you, come what may

And I'll be here for you, come what may, baby  
please  
I'll be here for you, come what may
