I met her at a barroom queen down in Memphis  
She tried to take me upstairs for a ride  
She had to heave me right across her shoulder  
'Cause I just can't seem to drink you off my mind

It's just that ho-ho-honky tonk women  
Hey gimme, gimme, gimme, gimme the honky tonk blues  
It's just that ho-ho-honky tonk women  
Hey gimme, gimme, gimme, gimme the honky tonk blues

I laid a divorcee in Detroit City  
I had to put up some kind of a fight  
And that lady then she covered me with roses  
She blew my nose, then she blew my mind

Son, it's just that ho-ho-honky tonk women  
I said gimme, gimme, gimme, gimme the honky tonk blues  
It's a ho-ho-honky tonk women  
Oh, gimme, gimme, gimme, gimme the honky tonk blues

It's that ho-ho-honky tonk women  
Oh, Gimme, gimme, gimme, gimme the honky tonk blues  
It's a ho-ho-honky tonk women  
I said gimme, gimme, gimme, gimme the honky tonk blues

One more time  
Why don't you just gimme, gimme, gimme, gimme the honky tonk blues?  
Gimme, gimme, gimme, gimme the honky tonk blues  
And I just blew my mind
