How's my ex treating you
Has she had time to find someone new
Anyday now will be your last
Son I know from the past
Cos I was once, once there too
How's my ex treating you
Like the sands she'll move with the tide
Your two arms will never keep her satisfied
You can't keep her satisfied
She'll use you just the way she used me too
But up till now how's my ex treating you
Like the sands she'll move with the tide
Your two arms will never keep her satisfied
She'll use you just like she used me too
But up till now how's my ex treating you
