It started in fun, I needed someone  
And now the hurt has begun  
I was lonely and it all started in fun  
She had left me and I needed just anyone

So it happened to be you  
Someone I can tell my troubles to  
And now we've gone too far, the hurt has begun  
And I can't trust me in your arms anymore

It's not just another thrill like before  
Every time your lips touch mine  
We get closer all the time  
And I can't trust me in your arms anymore

It started in fun, I needed someone  
And now the hurt has begun  
And I can't trust me in your arms anymore

It's not just another thrill like before  
Every time your lips touch mine  
We get closer all the time  
And I can't trust me in your arms anymore
