I was just thinkin' bout you today and the good times  
that we've had together  
But I can't get through to this find words to say to you  
darlin' you're so far away  
So I'm not cryin' these ain't tears in my eyes  
I'm so happy the Killer's dyin' with laughter (think about  
that)  
If you don't believe me I'm over and you see  
We're not lonesome my cricket and me  
[ guitar ]  
Oh your picture reminds me that I wanted to be free  
How hurtin' my God I've drove you away my darlin'  
But if you'll just come back home you know I'm for sure  
you'll see

We're not lonesome my cricket and me  
We're not lonesome that old cricket and Jerry Lee
