Mistakes I know I've made them and you don't know  
how much I hate them  
But that's me darlin' and I don't guess ol' Jerry will ever  
change  
And I don't mean to hurt you heaven knows I hate to  
hurt you  
But here I am to ask forgiveness one more time  
One more time I'll ask you to forgive me one more time  
I'll come crawling back to you  
All I ask is a chance to show how much I love you so  
Will you please take me back one more time

Oh one more time I'm gonna tell you that I'm sorry  
But this time darlin' I'll go down on my bended knee

And I'll cry and beg forgiveness please won't give me  
your forgiveness  
Will you please take me back one more time  
Won't you please take me back just one more time
