I wake up in the morning I'm still crying .....yes I am  
And on my lips I can taste your goodnight kiss  
In my room the fragrance of your perfume lingers  
And I know there must be more to love than this  
I look across my lonely room and see your picture  
Your loving smiling face I know I miss .....yes I would  
darlin'

And I remember to another you're still married  
And I know there must be more to love than this  
SOLO TIME \_\_\_\_\_

The ringing phone sounds like the doorbell to  
heaven .....woh lord  
Your voice sounds like an angel full of bliss

But I'll go through hell tonight if I don't see you  
And I know there must be more to love than this  
There must be more to love than stolen moments  
This love it should have brought me happiness  
Ever since we started lovin' I've started hurtin'  
hurtin' .....hurtin'  
And I know there must be more to love than this  
Yes I know there must be more to love than this
