(There's too many rivers to cross)  
I wish I could come back to you dear I know I know  
honey you want me to  
But too much waters run under that old bridge  
And there's too many rivers between me and you  
There's too too many rivers oh to cross babe too many  
dreams have been lost  
And there's too many long nights I've turned and  
tossed  
There's too many rivers to cross  
Now don't think woman for a moment I blame only you  
We both killed the fruit on the vine  
And when you try to put the love back together again

There's always a few little pieces you can't find (thinks  
about it baby)  
There's too too many rivers...
